## Profile

Experienced UI Developer with 2+ years of expertise in designing and developing scalable, high-performance web applications using Angular, Ionic, Next.js, React.js, and Tailwind CSS. Adept at building intuitive, user-centric interfaces, implementing modern UI/UX best practices, and optimizing performance for seamless user experiences. Proficient in API integration, responsive design, and state management, ensuring efficiency across diverse projects, including government services, banking platforms, and e-commerce solutions. Skilled in component-driven development, accessibility enhancements (WCAG compliance), and cross-browser compatibility. Passionate about continuous learning, open-source contributions, and delivering innovative digital solutions that enhance usability, engagement, and accessibility. Strong collaborator in Agile/Scrum environments, working closely with backend developers, designers, and QA teams to drive successful project outcomes.

## Skills

## Experience

Present	Angular/Ionic Developer	Dgmateck Corp
Sep/2025	Frontend Developer	AB Decode7 Pvt. Ltd.
Aug/2025	Angular/Ionic Developer	RPA Technologies
May/2025	UI Developer	ClickGoWeb, Bhopal M.P.
Mar/2025	Angular/Ionic Developer	RPA Technologies
Feb/2024	UI Developer	ClickGoWeb, Bhopal M.P.
Jan/2024	Angular/Ionic Developer	RPA Technologies
Mar/2023	Angular/Ionic Developer	Dgmateck Corp

**Angular/Ionic Developer (Present - Present)**  
Dgmateck Corp

- Developed the Xxit App, a hybrid event booking platform using Ionic 6, Angular, and Capacitor, delivering a smooth cross-platform user experience.
- Integrated Stripe payments, camera, and location plugins to provide seamless native features and enhance interactivity.
- Added engaging social features such as video reels, likes, and real-time notifications for better user retention.
- Improved app performance by 30% with lazy loading, caching, and optimized media assets for faster load times.
- Built reusable UI components with Angular Signals, efficiently handling state using RxJS and modular structures.

**Frontend Developer (Sep/2025 - Aug/2025)**  
AB Decode7 Pvt. Ltd.

- Developed a scalable Real Estate Platform for listings, bookings, and payments using Ionic Angular with responsive design.
- Created rich dashboards with analytics, dynamic filters, and real-time property status updates through RESTful APIs.
- Implemented reusable directives, pipes, and modules to boost scalability and maintain clean architecture.
- Reduced redundant API calls by 25% using RxJS caching, lazy loading, and optimized data flow between components.
- Built cross-platform UIs using Tailwind CSS and collaborated closely with backend developers for data alignment.

**Angular/Ionic Developer (Mar/2025 - Mar/2025)**  
RPA Technologies

- Developed Organic Mantra, a full-featured e-commerce app for organic grocery shopping using Angular, Firebase, and PrimeNG.
- Built intuitive admin dashboards for managing products, orders, and users with secure, role-based authentication.
- Integrated real-time Firebase updates for instant inventory sync and improved engagement through live data tracking.
- Optimized scalability and performance via lazy loading, modular architecture, and route guards for better navigation.
- Designed a clean, accessible UI with Tailwind CSS and Angular Material, ensuring WCAG compliance and smooth usability.

**UI Developer (Jan/2024 - Feb/2023)**  
ClickGoWeb, Bhopal M.P.

- Developed the Maweed App (Govt. project) enabling citizens to book official appointments through web and mobile platforms.
- Integrated Firebase Cloud Messaging, GeoLocation, and Calendar APIs to deliver advanced native functionality.
- Built and maintained the Bonnect Admin Panel for managing users, subscriptions, and real-time payment analytics.
- Also developed a fun Tennis Game App and a responsive E-commerce Website to improve brand visibility.

## Education
